ONRAX OVERHEAD GARAGE STORAGE

The ONRAX Enduro-Deck™ system

Onrax overhead garage storage racks, help you turn your clutter into easy-access, out of the way storage. Let us show you how we put our shelving to the test

ONRAX, the industry leader of industrial strength ceiling storage platforms and garage storage innovation, has developed the Enduro-Deck™ decking system. The patented design of Enduro-Deck™ is a visually stunning, streamlined advancement in shelving technology. The exceptional strength of the ONRAX 14 gauge steel C-channel box frame, partnered with the Enduro-Deck™ system, allows ONRAX units the highest weight rating of any ceiling mounted storage unit on the market, up to 800lbs.
